

Utah SIP Development

309 (GCVTC) Approach

- Utah was Vice-Chair of GCVTC
- Utah Co-Chairs the WRAP
- Significant Utah stakeholder participation in GCVTC & WRAP
- All Class I areas addressed by 309
- SIP is due by December 31,2003
- No RP Demonstration Required

SIP Process

- DAQ Staff/Consultants to prepare draft SIP relying heavily on WRAP work products
- Stakeholder Advisory Group to be used as a sounding board and assist with outreach
- Public outreach meetings in June (Salt Lake City, St. George, Moab)

Stakeholder Outreach Support

- Shawn Kendall retained by DAQ to help stakeholders understand the regional haze rule and SIP requirements
- Is available to meet with individual stakeholders or caucuses to help in understanding and get feedback for the SIP development process

Timeline

- March 2003 – Kickoff
- June 2003 – Public Outreach Meetings
- August 2003 – Submit SIP to Board
- October 2003 – Public Comment
- December 2003 – Board Approval
